4246	HEMPALIN* UNDERCOAT	Jan. 98	9961	HEMPEL'S TOOL CLEANER	Sep. 96

Several products have two quality numbers (eg 15341/15343) for which reason the index contains four digits only in order to avoid listing the same product twice.

If legislation requires to distinguish between two quality numbers this will be indicated by a letter following the four digits.
